Designed to save space and time – and to meet your future needs

Built for speed and efficiency, the OKI B4250/B4350 Series are simply the best value in their class—backed by the industry's best support!

If you're looking to improve the productivity and lower the operating costs of your business, the B4250/B4350 Series Digital printers from OKI® are made for you.

All three models—the stand-alone B4250, networkable B4350 and the network-ready B4350n—deliver up to 23 pages per minute, with the first page printing in as little as 6.0 seconds.¹

They produce black & white output that's clear and crisp in 1200 x 600 dpi resolution—using a two-piece consumables system for long-lasting, high-quality performance and a lower cost of operation.

For fewer user interventions, each has a 250-sheet standard paper capacity, housed in a fully enclosed Letter/Legal/Universal tray, and can be outfitted to hold up to 750 sheets with an optional 500-sheet 2nd paper tray.

In terms of durability, the OKI B4250 and B4350/B4350n are tough—with a duty cycle of 40,000 pages per month.

Fit for any work environment. With standard USB and parallel interfaces, the OKI B4250/B4350 Series offers broad-based connectivity. All have PCL® 6 emulation (the B4350/B4350n have a Postscript® 3™ emulation option), and perform equally well with Windows® XP, 2000, 98, NT® 4.0 and most popular operating systems.

An OKI B4350/B4350n equipped with an OkiLAN® print server can make network printing affordable at virtually any performance level. That can translate into a much lower cost per seat, which can be a vital consideration as your office network grows and expands in functionality.

Backed by unmatched support. OKI is so confident in the reliable performance of the OKI B4250/B4350 Series that we provide an industry-leading 5-year printhead warranty and a 1-year limited printer warranty with Overnight Exchange⁴. Of course, if you need technical assistance, you can speak to a live expert—24x7x365—by calling 800-OKI-DATA (800-654-3282).⁴

The B4250/B4350 Series: perfectly suited to meet the demands of your business, now and down the road.
