Fast, efficient auto dial: up to 190 one- and two-button speed dials

One button instant dial and destination groups streamline your facsimile work

- The one-touch dial system on the OKIFAX® 5650 is designed for easy use. You can program up to 40 one-touch destinations, with another 150 destinations available in two-button speed dial. Group dialing further increases your options by allowing you to program up to 20 groups, each with up to 200 destinations. By automating your most frequently called fax numbers, you'll be saving yourself time and effort.
- The panel displays on the OKIFAX 5650 are designed for comfortable, efficient use. The alphanumeric telephone directory displays names in the speed dial register alphabetically, allowing you to search for telephone numbers by name.

The performance you need for your growing business

8 ppm output, fast 3 second-per-page¹ transmission time for outgoing faxes

- The superfast 33.6 Kbps modem features a 3 second-per-page transmission time¹ that sends your special report or urgent document quickly, saving you time and telephone connection charges. Save even more money by programming the OKIFAX 5650 to transmit at off-peak hours. Fast 8 ppm output eliminates lines of users waiting for long documents to print.
- Standard memory lets you scan and store up to 200 pages¹, which is especially important if you receive faxes after hours, or if the paper or the toner run out. The optional 4.0 MB expansion card lets you increase stored page capacity to 520 pages¹. In addition, battery backup memory will store your information up to 20 hours if the power goes out.
- You can use the OKIFAX 5650 as a fast, 8 ppm desktop copier and, with the optional Unimessage™ Pro application software, an 8 ppm, 600 dpi-class printer.
- The standard 250-sheet letter/legal paper capacity can be increased to 750 sheets with the optional universal 2nd tray for long, unattended runs.

Legendary OKI reliability ensures dependable performance

Digital LED technology is simply smarter than laser.

- The OKIFAX 5650 uses Digital LED technology, the breakthrough OKI innovation that outsmarts and outperforms traditional laser technology. The patented LED printhead has no moving parts. It's so reliable that OKI covers it with a full 5-year LED printhead warranty.

Multiply the productivity of the OKIFAX 5650 with the optional Unimessage® Pro and Unimessage® Pro LAN application software

- Want to turn your stand-alone OKIFAX 5650 into a true, multifunction machine? With the optional Unimessage Pro MFP Kit, you get everything you need to connect your OKIFAX 5650 to a PC and print, fax, copy, and scan right from your desktop.
- Unimessage Pro application software provides a simple to use solution for printing, copying, faxing, and OCR scanning. Unimessage Pro supports Windows 2000/NT 4.0/98/95.
- With the optional Pro LAN Kit, your OKIFAX 5650 can be used additionally to send faxes via a PC on the network. The Unimessage Pro LAN software has been optimized for Network fax and e-mail user operation and supports all major PC LANs with Windows® workstations, including: Windows NT® 4.0 or 2000 Server; Windows 98/95/NT 4.0/2000 Peer-to-Peer and Novell® Netware® 3.1x, 4.1x.
